**“Synthesis of Nanoparticles from Enterococcus species and its  
Antibacterial efficiency against clinical pathogens and their biofilms”**

---

Ref.No. GUG/BIOTECH/2016-17/

Date: 28-01-2017

**Call for Junior Research Fellow Appointment**

Applications are invited for one JRF position under UGC Major Project.

**Title of Project:** “Synthesis of Nanoparticles from Enterococcus species and its Antibacterial efficiency against clinical pathogens and their Biofilms”

**Tenure of the Project:** One and half years and as per UGC extensions

**Essential Qualification:** First class M.Sc. in Biotechnology

**Emoluments:** As per UGC Norms

Candidate may send application by e-mail or by post by 16<sup>th</sup> February 2017 to Prof. Chandrakanth Kelmani R, Principal Investigator (UGC MRP Project), Department of Biotechnology, Gulbarga University, Gulbarga – 585106, Karnataka,

e-mail:[ckelmani@gmail.com](mailto:ckelmani@gmail.com)

**Note:** Application must include curriculum vitae; attested copies of all certificates, marks cards, testimonials/ publications and passport size photograph, Short-listed candidates will be intimated.

No TA / DA will be paid for attending interview.

Prof. Kelmani Chandrakanth.  
Principal Investigator  
CHANDRAKANATH KELMANI R.  
Professor  
Department of Biotechnology  
Gulbarga University, Kalaburagi-585106
