Kalaburagi UNIVERSITY Kalaburagi
(DEPARTMENT OF STUDIES IN SOCIAL WORK)

The two years post-graduation course in social work was started from 1984, in the Department of Sociology. Since the demand for this course started increasing, an independent department of social work was established in 1988 to strengthen the course and to have more academic autonomy.

Objectives

It is a Post-Graduate Department in the faculty of Social Sciences established with the following broader objectives.

1. To impart scientific and professional training in social work to bring out the adequate trained personnel to accept the professional positions in the field of women and child development, social development, Medical and psychiatry, correctional services, human resource development and allied non-government and government organizations.

2. To educate the students for working in-groups and communities duly using the adequate techniques of working with people.

3. To conduct various seminars, conferences, and workshops in the concerned fields of social work to benefit the people working in Government and Non-Government Organizations for expanding the knowledge of social work on scientific level.

4. To inbuilt the students with the knowledge in the field of social work through conducting field work Programme, social work camp, study tour, project work, block placement, dissertation, seminars/workshops and summer placement etc.,

5. To make people to feel the existence of the department of studies in social work and to avail the facilities like consultation and guidance provided by the department for their welfare and development.
Admission

Admission to the department of social work is open to any graduates of Kalaburagi University or of any recognized university whose of all three years or six semester degree aggregate percentage is at least 50% in case of general merit and 45% for SC/ST students.

Admission Procedure

 Candidates who have applied for MSW course in a prescribed form along with relevant documents within a last date mentioned in the notification issued by the university will be selected in the order of merit and the reservation through counseling.

Intake

The intake is fixed by the university time to time. At present 30 is the intake for admission to MSW I Semester course for each academic year. Admission under Self Support Scheme for another 30 intake is available. Special quota as per university regulation for physically handicapped freedom fighter / ex serviceman, NSS / NCC and sports.

Programme of Education

Keeping in view the objectives of the course the programme of education for the Masters’ degree in social work is designed to enable students to deepen their understanding of social problems, issues, policies and programmes connected with planned social development. The course also aims at to develop competence for ensuring effective delivery of services to the needy and handicapped population. Classroom instruction draws heavily on the social and behavioral sciences and is based on the premise that there is a basic core of knowledge and skill that are common to social work practice in different fields.

Social work trainees are trained to be employed as full time professionals under the auspices of welfare agencies for serving the people who are in need of help. They are to be guided in their process of helping others by the principles of democracy and the specific values and standards of their profession. It is assumed that the social work, in order to be effective and to bring good results should be professionally organized and the persons engaged in its execution must necessarily be trained and qualified for the job. The workers must therefore be given an adequate and effective training during their training course for at the post-graduate level, along with the class-room discussions on theories and principles of social structure, social organization, social change, social problems, growth of human
personality, methods of social work, research, statistics, field work practice in the agencies under the supervision of the departmental staff members and of the agency supervisors, discussion in individual and group conferences in the department, the trainees have to participate in the social work camp and study tour which is normally conducted for a period of 7 to 10 days. It is integral part of field work.

**Concurrent Field Work**

Field work forms an integral part of the training Programme offered by the department. Field work opportunities are provided to the students through a large number of well-established welfare agencies, public and voluntary, rural and urban, industries, hospitals and clinics, in the Kalaburagi city and surrounding places. The students placed in those agencies assist in the implementation of a number of programmes. The students may be involved in community organization and social education work in the slum areas of Kalaburagi city and in the villages, treatment programmes in hospitals and clinics, in counseling and casework in correctional and custodial institutions and in group activities of recreational and cultural nature at the community centers and in the institutions for children.

Each student has to spend a minimum of fifteen hours a week within the 30Km from the college premises on field work under the supervision of a teacher. Supervision is aimed at providing direction and guidance to the student to help him/her to integrate the social work theory in to practice. Professional institution the department attaches great importance to field work which is expected to develop in the student a sense of responsibility and proper work behavior.

Concurrent Field Work 50 marks each Semester examinations. Marks are awarded on the basis of the over all performance of the students during each semester by conducting viva-voce examination at the each semester. The field work shall also include a 7 days orientation, 7 to 10 days social work camp during 1 semester, study tour during II Semester, Field work and dissertation report in III semester, field work with workshop/seminar and Block placement for IV semester. In I, II, III & IV semester field work Viva-voce examination shall be evaluated by two examiner. The field work reports include concurrent field work, social work camp, study tour, dissertation report, block placement, workshop/ seminar proceeding, orientation visits and placement. Except Dissertation report the student must submit reports in
manuscripts. Only those who have done dissertation at PG Level in Social Work Should be allowed to guide dissertation. **The affiliated colleges must submit the detail report of field work placement, social work camp, dissertation, summer placement, and block placement agencies where the students placed.** The reason behind collecting reports helps the students to be regular to field work and available for assessment by the BOE.

(a) **Orientation Visits:**
The students need to be expose to various government organizations, NGO’s community based organizations, villages and slum communities in the I semester for a period of 7 days for a comprehensive understanding of field work later.

(b) **Social Work Camp**
Social work camp is an integral part of the specialized training for social work trainees in their I semester This is one of the effective means of imparting social values, and especially those of group life, to the trainees so that they would be in a position to assume responsibilities and develop leadership, discharge their duties as effectively as possible with a sense of respect for their individual it and of others with whom they would be interacting. The social work camp shall be conduct within the district of college stipulated.

**Objectives of the Social Work Camp**
The social work camp has two-fold objective: one, to give training to the trainees on group living, leadership and administration; and to show them the way of improving the conditions of the community,

**Objectives:**

1. To work with people at individual, group and community levels in order to help the students to analyze and solve the problems at different levels,
2. To understand the life of the people in all the aspects so as to find out the clues for understanding and the ways of meeting social problems.
3. To work with the people in order to observe their reactions, conflicts, cooperation and expression of their loyalties and interests.
4. To discover and utilize the resources available within the community.
5. To deal with the community sanitation in a way that will be conductive to the common interests.

To undertake need assessment in participation with community people for designing and implementation of various development activities.

(c) Study Tour:

The II semester students should go for study tour for a period of 7 to 10 days. The purpose of study tour is to have exposure to various agencies working around the country. All expenses in this connection needs to be borne by students themselves. The study tour is integral part of Concurrent Field work. they must complete within the period.

(d) Dissertation:

Each student is placed under guidance of a faculty member in the III Semester to conduct quantitative and / or qualitative study leading to dissertation. The affiliated colleges shall be submit the topic selected by the students for their dissertation work before the 4 weeks of the exam.

(e) Block Field Work

The student is placed for Block Field Work for a period of four weeks for full time work in an BOE approved agency or project outside Kalaburagi during their fourth Semester. The department selects the agencies / projects from among a large number spread all over the country, keeping in mind the availability of learning opportunities for the students. All expenses in this connection have to be borne by the students themselves. The purpose of block field work is to broaden the student’s perspective of welfare services and provide pre-employment work experience which should facilitate them to assume professional responsibilities after graduation. A letter of completion of block placement needs to be submitted with signature and seal of authority of the organization. The daily dairy needs to be submitted along with report. A student is not eligible for the degree unless he/she completes block field and viva to the satisfaction of the department the block placement carries 100 marks equals to 04 credits. The affiliated colleges take the approved list of agencies from BOE Chairman for Block Placement. If student placed in a approved agencies are eligible for viva voce exam.
Attendance

Attendance in the academic Programme is compulsory and students are required to attend at least three fourths (75%) of the total number of lectures delivered and the field work days during each academic year.

Pattern of Question paper:

There shall be 5 units with 2 questions in each unit. The candidate has to answer any one question from each unit. All questions carry equal marks.

Internal Assessment:

There shall be continuous assessment scheme of the theory paper as per the common university regulation. Field work (including Social Work Camp, Study Tour, Conference, seminar / workshops & dissertation), and Block Placement. The internal marks would be based as per common university regulation.

Reports:

The students are expected to write the reports of concurrent filed work, social work camp, study tour and block placement in their own hand writing However the dissertation reports in typed forms and submit with soft copy (CD).
SEMESTER-I

### H.C 1.4 CONCURRENT FIELD WORK INCLUDING SOCIAL WORK CAMP

Field work forms an integral part of the training Programme offered by the department. Field work opportunities are provided to the students through a large number of well-established welfare agencies, public and voluntary, rural and urban, industries, hospitals and clinics, in the Kalaburagi city and surrounding places. The students placed in these agencies assist in the implementation of a variety of programmes. The students may be involved in community organization and social education work in the slum areas of
Kalaburagi city and in the villages, in treatment programmes in hospitals and clinics, in counseling and casework in correctional and custodial institutions and in group activities of recreational and cultural nature at the community centers and in the institutions for children.

Social work camp is an integral part of the concurrent field work training for social work trainees in their Ist semester. This is one of the effective means of imparting social values, and especially those of group life, to the trainees so that they would be in a position to assume responsibilities and develop leadership, discharge their duties as effectively as possible with a sense of respect for their individual and of others with whom they would be interacting. The social work camp and concurrent field work carries 100(80-20) Marks.

**H.C. 1.5 STATISTICS AND COMPUTER APPLICATION**

**Objectives:**
1. Develop an understanding of statistics in analysis and interpretation
2. Develop skills for processing, analysis, interpretation, documentation, presentation and report writing.
3. Equip the students in the usage of appropriate quantitative techniques.
4. Develop skills for graphical preservation like graphs, diagrams, charts and tables.
5. To know the fundamentals of the computer technology.
6. To implement the computer technology and different aspects.

**Course Content**

III. Introduction to computer. Characteristics of computer. Introduction to computer hardware. Memory units, Auxiliary storage devices, input devices. Output devices. MS
Windows: Introduction to M.S. Windows; Features of Windows; Office Packages-Office activates and Word-processing, Spreadsheet, Presentation graphics, Database, introduction and comparison of various office suites like MS-Office.

IV. Statistical Package for Social Science: Basics of Statistical analysis – population, sample, case, case number, variable, variable level, types of variable – numeric, string, alphanumeric, system missing value, user defined missing value, code book and code sheet, types of statistics, statistical tests, types of analysis. Structure of SPSS windows.

BOOKS RECOMMENDED

SOFT CORE (ANY TWO)

SC.1.1 ANALYSIS OF INDIAN SOCIETY

Introduction

This course provides the learners basic understanding of relevant concepts from social sciences to help the learners study and understand social phenomenon. Further, it helps the learner develop skills for social analysis and understand developmental processes.

Objectives
1. Understand the concepts to examine social phenomenon.
2. Develop skills to analyse Indian society and change.
3. Understand change and conflict.
4. Understand the system for economic order.
5. Develop skills for social analysis.
6. Understand the development and its impact.

Course Content:
I. Society : Meaning, definition, features, individual and Society - relationship between individual and Society: Socialization, Social control and Deviance,
II. Indian Society, Features of Indian Society, need for study of Indian Society for Social Workers. Social Structure - Status and Role and Social Processes Culture: Traditions, Customs, Values, Norms, Folkways, Mores.

HC 2.3 SOCIAL WORK RESEARCH

Objectives

1. Develop an understanding of social work research and its process.
2. Develop an ability to see the linkages between practice, research, analysis theory and their role in enriching one another.
3. Develop ability to quantify the qualitative data
4. Develop skills to prepare a research report.

I. Introduction: Concept of research; types of research, research as an enabling process of social work. Scientific Method: Introduction problems identification criteria for the selection at research problems and problem formulation. Statement of Objective and hypotheses.
II. Research Design: meaning and principles, components and types of research design: exploratory, analytical, descriptive, Experimental, evaluative, Intervention designs and case study.

III. Tool and techniques of data collection: Primary and secondary sources of data. Techniques of data collection: observation, questionnaire, interviewing and projective techniques, interview schedule, interview guide, standardized scales and records.

IV. Sampling theory: Meaning and types of sampling. Probability sampling: Simple random, systematic random, stratified random, area and coat sampling, Multistage sampling, and Non probability: Snowball sampling, conviniant sampling, Accidental sampling, Purposeful sampling. Sampling error.

V. Data Processing and Research Reporting – Methods and techniques of data processing – manual or mechanical procedure – Editing, classification, coding and tabulating. Organizing data for analysis: Graphs, Charts, Frequency tables. Data analysis – univariate, multi-variate and; Qualitative analysis. Research Reporting; Purpose of research report, Principles and procedure to be followed in writing a report, format of scientific research report, Research abstracts.

H.C 2.4 CONCURRENT FIELD WORK INCLUDING STUDY TOUR

Field work forms an integral part of the training Programme offered by the department. Field work opportunities are provided to the students through a large number of well-established welfare agencies, public and voluntary, rural and urban, industries, hospitals and clinics, in the Kalaburagi city and surrounding places. The students placed in these agencies assist in the implementation of a variety of programmes. The students may be involved in community organization and social education work in the slum areas of Kalaburagi city and in the villages, in treatment programmes in hospitals and clinics, in counseling and casework in correctional and custodial institutions and in group activities of recreational and cultural nature at the community centers and in the institutions for children.

The IIInd semester students should go for study tour for the period 7-10 days. The purpose of study tour is to have exposed on various agencies working around the country all
expenses in this connection have to be borne by students themselves. The Study Tour and Concurrent Field work carries 100 (80:20) marks.

**SODT CORE**

**SC 2.1 DYNAMICS OF HUMAN BEHAVIOUR**

**INTRODUCTION**

The course aims to introduce the learners to the development of the individual across the life span, in a system and an ecological perspective. It also provides an understanding of human development and behaviour, in contextual influences, including individuals in disadvantaged or special contexts. The theoretical inputs are to enhance the understanding of people's growth, health, and development at various stages as bio-psycho-social-spiritual being over the life span.

**OBJECTIVES**

1. Develop an overall understanding of the principles of growth; their relevance and application to behaviour at various phases in the life span.
2. Understand the twin roles of individual's heritage and environmental influences in growth and development.
3. Understand interactional nature of growth and behaviour at various stages in the life span: infancy, childhood, adolescence, youth, adulthood and old age, and impact of cultural aspects.
4. Develop sensitivity towards needs, developmental tasks and health status along with need for developmental programmes for the same.
5. Apply the information of growth, development and health in social work practice in general and individuals, groups and communities in particular.

**UNITS**

III: Theories of Human Development –A critique – Freud’s psycho-sexual theory, Erikson’s psycho-social theory.

IV. Personality: Concept, Definition, types of Personality, Factors influencing personality. Theories of Personality: Sigmund Freud, Erick Erickson, Carl Jung, Adler, O.Rank.

Social works methods in family welfare planning, implementing, motivation of community in women and child development.

BOOKS RECOMMENDED

1. Desai : Women in India
H.C.3.3 PROJECT

Each student is placed under guidance of a faculty member in the III Semester to conduct an empirical study leading to project report.

Project Report Format (The Research Project Report should be typed in Times New Roman Font, 12 font size with 1.5 line space)

1. Outer Cover
2. Title Page
3. Certificate
4. Preface
5. Acknowledgement
6. Table of Contents
7. List of Tables
8. List of Figures
9. List of Plates (if any)

{(The above nine items are the preliminaries of the research report, which should be numbered in Roman small numbers at the bottom of the page e.g. i, ii, iii. ) Arabic numbers are used for the following items.}

Chapter I : Introduction

1. A brief General Introduction
2. Statement of the Research Problem
3. Need / Significance / Importance of the Study

Chapter II : It consists of Review of Literature (with an appropriate title)

This chapter ends with General and Specific Objectives

Chapter III : Methodology  This chapter describes the various steps used in carrying out the research task. It is described in the past tense.

1. Chapter Introduction
2. Field of Study.
3. Pilot Study
4. Research Design
5. Selection of Sample
6. Tools of Data Collection
7. Sources of Data
8. Pre testing
9. Actual Data Collection
10. Definition of Terms
11. Analysis
12. Limitations
13. Organisation of the Report

Chapter IV : Analysis and Interpretation

This chapter presents the analysed data either by a table or a chart and not both for the same variable. The variable name is given as a sub title, introduction of the variable, presentation of data (table No. and table title) analysis then interpretation of data. Interpretation is not mere description of the numbers into words but giving meaning for the data distribution.

Chapter V : Main Findings (Percentage in brackets) and Suggestions

Chapter VI : Summary and Conclusion

Bibliography It is arranged in the alphabetical order by the author’s name. Author’s surname, year, title, place, publisher

Appendix

**H.C. 3.4 CONCURRENT FIELD WORK**

Field work forms an integral part of the training programme offered by the department. Field work opportunities are provided to the students through a large number of well-established welfare agencies, public and voluntary, rural and urban, industries, hospitals and clinics, in the Kalaburagi city and surrounding places.

During the placement they have to practice all the primary methods of social work. One has to complete 5 cases in casework, one group following all the stages of group work practice with at least 10 sessions which include the formation, naming, fixing of objectives, organizing programmes based on the objectives, evaluation and in the community conduct common programmes or solve an issue of the community following the principles of community organization and social action.

Every week the students write a report of their activities and submit to the concerned field work supervisor. The supervisor conducts individual and group conference every week regularly.
INTRODUCTION

The course introduces the learner as to how policy is a link between Constitutional Principles, Development Plans, Legislative and Executive Actions. The analysis of these processes is to enable utilization of the knowledge to improve social work practice. Further, it provides a critical and analytical framework to understand key concepts, development processes and current issues, pertaining to different parts of the world, with specific reference to India. This course is expected to provide the social work students with a context for micro-level interventions.

OBJECTIVES

1. Gain knowledge of policy analysis and the policy formulation process.
2. Acquire skills in critical analysis of social policies and development plans.
3. Develop an understanding of social policy in the perspective of national goals as stated in the Constitution, particularly with reference to Fundamental Rights and the Directive Principles of State Policy.
4. Critically understand the concept, content and process of social development.
5. Develop the capacity to identify linkages among social needs, problems, development issues and policies.
6. Locate strategies and skills necessary for social development and reinforce values of social justice, gender justice and equality.

COURSE CONTENT

UNITS

I. Social Policy: Definition, meaning, objectives, philosophy and scope of social policy, issues concerning social policy, equality vs equity universal-ism Vs collective, needs and resources, the steps involved in the formulation of social policy.

II. Planning in India: Historical perspective, planning commission of India, its composition and functions, planning process at National, State and District level. NITI Ayoga, NSSO its composition and functions.

V. Social Development: The measures, concept, approaches, strength and development. Indicators of Socio-economic development, developmental attempts in India, concept of Sarvodaya Movement, & Co-operative movement, Development process-planning and formulation, fund mobilization, implementation, Monitoring & Evaluation.

H.C. 4.4 CONCURRENT FIELD WORK INCLUDING SEMINARS / WORKSHOPS / CONFERENCE:

The second year students during the fourth semester go for practice based social work for two days in a week and expected to spend a minimum of 15 hours per week in the field. The students are placed in organization.

During the placement they have to practice all the primary and secondary methods of social work in their respective fields of specialization. During the placement the students are expected to learn about the vision, mission, philosophy, administration, strategies, programmes, activities, achievements and also involve with the activities of the organization to whatever extent possible. The students also undertake any assignments given to them by the agency, they may also undertake any research for the organization.

Every week the students write a report of their activities and submit to the concerned field work supervisor. The supervisor conducts individual and group conference regularly.
Every student is expected to take part collectively in organizing proceedings of one Seminar / workshop in the areas of social work field.

**HC 4.5 BLOCK PLACEMENT**

Block Placement programme in professional Social Work education is designed for the student to work independently but under the supervision to enhance confidence and independent functioning. This placement is provided at the end of the 4th semester after the theory exam. The main objectives are to develop enhanced practice skill and integrate learning, to develop appreciation of other's efforts and develop sensitivity to gaps in the programme and to enhance awareness of self in the role of a professional social worker. The student shall do his or her block placement in an agency of their choice but it should be out of the District from their college. The students are required to be more independent and interactive than their previous practices in terms of their learning goal. During Block placement, the student can take assignments, projects, documentation, as per the agency guidance.

**Requirements:** The student should get a record of attendance from the agency supervisor. Completion of all the requirements in this period is mandate for the completion of the course. Getting a certificate from the agency is preferred.

**Supervision:** The student shall contact the supervisor at least once a week for reporting and supervision.

After completion of one month placement the student submits an activity sheet, attendance certificate, daily reports to the Mother institution. The examiners evaluates the report in viva and awards the marks out of 80.

**SOFT CORE**
